

# Dakota Pinnacle Birch

(*Betula platyphylla* 'Fargo')

**Shade Tree**

**30' - 40' High**

**10' - 12' Spread**

**Pyramidal Shape**

**Growth  
Fast**

**Full Sun**

**Water Needs  
High**

**Zone 3 - 7**

Dakota Pinnacle Birch is well known for its white bark. It grows in a columnar pyramidal habit but will still create shade. The foliage will turn bright yellow in the fall, making the white trunk stand out. A great tree to plant along the roadside or as a specimen.
