

Dura-Heat[®] River Birch

(*Betula nigra* 'BNMTF')

Shade Tree

30' - 40' High

25' - 35' Spread

Pyramidal Shape

**Growth
Fast**

Full Sun

**Water Needs
Moderate**

Zone 3 - 7

The Dura Heat[®] River Birch is a more heat and drought tolerant form of this species, it also has superior insect and disease resistance. With a dense narrow pyramid form, and glossy green leaves this tree will fit into some pretty tight spaces. As the name suggests River Birch love wet areas.
