Upright Shape

The Blue Chiffon<sup>®</sup> Althea (Rose of Sharon) has breathtaking large blue flowers that are adorned with lacy centers to create anemone-like blooms. With a later and longer bloom than most flowering shrubs the Blue Chiffon<sup>®</sup> can bloom from late spring through the fall. This shrub has deer tolerance, and it attracts hummingbirds and other birds to it. Once it is established it is a very low maintenance, showy shrub. (Zones 5 - 9)
