

# Blue Point Juniper

*(Juniperus chinensis 'Blue Point')*

Evergreen Shrub

10' - 12' High

7' - 9' Spread

Medium Growth

Full Sun

Various Soils

Pyramidal Shape

The Blue Point Juniper has pyramidal form and large size making it a popular specimen for lawns, which accentuate its blue coloring. With its dense evergreen foliage, this Juniper makes excellent windbreaks if lined up hedge-style, cutting winter cold and summer heat effectively. It maintains its pyramidal shape with no pruning, but can be pruned to make it more of a formal accent piece. (Zones 4 - 9)
