

Stella de Oro Daylily

(*Hemerocallis* 'Stella de Oro')

Perennial

Bloom Time:

Summer– Rebloomer

1' High

1.5' Spread

Medium to Fast Growth

Full Sun to Part Shade

Well Drained Soils

Rock Gardens

Attracts Butterflies

The award winning Stella de Oro Daylilies are popular for a reason. They are super easy to grow. With full to part sun and decently drained soils these will thrive. "Stellas" are one of the longest, most profuse bloomers of all the daylilies. Growth habit is compact, which makes them perfect for mass plantings. They are very hardy, salt tolerant, and drought tolerant. (Zones 3 - 10)
