

'Red Beauty' Dianthus

(*Dianthus gratianopolitanus* 'Red Beauty')

Perennial

Bloom Time:

Spring – Late Summer

5" - 7" High

8" - 12" Spread

Medium Growth

Full Sun

Well Drained Soils

Rock Gardens

Attracts Butterflies

The 'Red Beauty' Dianthus is small in size, but it doesn't lack in impact. It is clump forming, and it has blue-grey foliage and lipstick red blooms that will catch your eye. The 'Red Beauty' Dianthus is ideal for the front of the perennial border or tucked in small spaces. It performs nicely in rock gardens, where soil is well drained. Deadhead old blooms to encourage re-blooming. Sweet and spicy perfumed flowers make for great cut flowers. (Zones 3 - 9)
