

Dwarf Korean Lilac Tree

(Syringa meyeri 'Palibin')

Small Ornamental Tree

5' - 6' High

5' - 6' Spread

Medium Growth

Full Sun

Various Soils

Round Shape

This Dwarf Korean Lilac is a beautiful and popular patio shrub that is smothered in stunning panicles of fragrant lilac purple flowers at the ends of the branches in late spring. This shrub-on-a-stick makes a great accent piece to any landscape/ Being a relatively low maintenance tree, it should only be pruned after flowering to avoid removing any of the current season's flowers. (Zones 3 - 7)
