ColumnarShape

Lacy fern-like foliage combined with a narrow columnar habit make the Fine Line[®] Buckthorn great for adding texture and shape to the garden. It can easily be used to make a hedge row, or it can be used as a single accent plant. Foliage turns yellow in fall adding extra interest to this upright shrub. The Fine Line[®] Buckthorn is a non-invasive cultivar that is also deer and drought tolerant. (Zones 2 - 7)
