Ornamental Grass

10' - 12' High

5' - 6' Spread

Fast Growth

Full Sun/Part Shade

Various/Moist Soils

Giant Silver Grass is a grass of monstrous proportions. It forms very tall clumps of bright green grass, and is commonly used as a hedge or privacy screen. Giant Silver Grass grows extremely fast at a rate of 10' - 12' every year once established. Giant Silver Grass enjoys moisture so it can grow well beside water areas. Trim back in early spring 6" above the ground. (Zones 4 - 9)
