

# Caramel Coral Bells

(*Heuchera* x 'Caramel' Plant Patent #16,560)

**Perennial**

**12" Tall**

**12" - 18" Wide**

**Bloom Time:  
Summer**

**Moderate Growth**

**Partial Sun**

**Water Needs:  
Moderate**

**Zones 4 - 9**

Caramel Coral Bells leaves change from a bright gold to a peachy orange as they mature in the season. The soft but showy color adds warmth to borders. It thrives in the high heat and humidity, and pairs well with other shade loving perennials such as astilbe, hosta, ferns, and other varieties of coral bells. **Attracts Hummingbirds and Butterflies!**
