The Incrediball[®] Hydrangea is an improved version of the native Annabelle hydrangea. It produces huge, full flower heads, as large as 12" across, and is both reliable and beautiful. Flowers open green, then mature to white before fading to green again. It has extremely sturdy stems that hold the blooms upright even if soaked with rain. The blooms appear on new growth, so even a prolonged winter can't prevent this shrub from flowering. Great Cold Tolerance. (Zones 3 - 9)
