

Emerald City[®] Tulip Tree

(Liriodendron tulipifera 'JFS-Oz')

Shade Tree

40' - 50' High

20' - 30' Spread

Oval Shape

**Growth
Fast**

Full Sun

**Water Needs
Moderate**

Zone 5 - 9

Emerald City Tulip Tree is a superb specimen tree. The glossy, deep green foliage in the summer turns a bright yellow in the fall. Has potential to produce flowers but is uncommon this far North. It is tolerant of drought, and it can also tolerate quite a bit of water. Perfect tree for an area that you want to be shaded fast.
