(*Pinus cembra* 'Chalet')

Evergreen Tree

5' - 8' High

2' - 4' Spread

Pyramidal Shape

**Growth
Slow**

Full Sun

**Water Needs
Low**

Zone 3 - 7

Chalet Swiss Stone Pine is a dwarf pine that won't take up your whole yard. It has cones that start greenish purple and mature to purplish brown. It has a narrow form which makes it a great specimen plant. It is evergreen and will hold its color all year round.
