Ornamental Tree

30' - 40' High

15' - 25' Spread

Oval Shape

**Growth
Fast**

Full Sun

**Water Needs
Moderate**

Zone 5 - 8

The Cleveland Select Flowering Pear has showy clusters of gleaming white blooms in early spring, followed by a glossy green foliage throughout the summer. The green summer foliage turns a brilliant purplish red-orange in fall. This tree has amazing characteristics throughout the entire growing season, and when you pair this with its nice symmetrical form it is a tough one to beat.
