Round Shape

Quick Fire<sup>®</sup> Hydrangea blooms about a month before other hardy Hydrangea varieties and flowers every year. Flowers open white then turn pink as summer progresses, and will be an extremely dark rosy pink in the fall. Because the Quick Fire<sup>®</sup> has an earlier bloom time it is more likely to rebloom in the late fall. This shrub can be used as a stand alone talking piece or as a beautiful hedge row, either way it is sure to draw attention. (Zones 3 - 8)
