

# Autumn Joy Sedum

*(Sedum maximum spectabile 'Autumn Joy')*

Perennial

Bloom Time:  
*Late Summer — Fall*

2' High

2' Spread

Medium Growth

Full Sun

Well Drained Soils

Rock Gardens

Attracts Butterflies

Autumn Joy Sedum is very drought tolerant— perfect for those tough, hot, dry areas of the garden. Thick, succulent foliage looks pleasantly lush in early to mid summer before the blooms arrive in late summer. Don't bother deadheading; leave blooms on for fall interest. Very little maintenance is necessary; simply cut back stems to the ground in late fall or early spring. (Zones 4 - 11)
