Shade

30' - 35' High

20' - 25' Spread

Upright Shape

**Growth
Slow**

Full Sun

**Water Needs
Moderate**

Zone 4 - 7

The Crimson Sunset[®] Maple is an upright shade tree with deep purple foliage. Its foliage holds up to the summer heat better than other crimson varieties. It turns an eye-catching reddish bronze in the fall. It is a hybrid of the Shantung Maple and Norway Maple giving it more durability in the harsh Iowa weather.
