

Emperor I[®] Japanese Maple

(*Acer palmatum* 'Wolff')

Ornamental

12' - 15' High

12' - 15' Spread

Round Shape

Growth

Moderate

Shade to Part Sun

Water Needs

Moderate

Zone 5 - 8

The Emperor I[®] Japanese Maple has beautiful red foliage throughout the growing season. The foliage emerges with a purplish-red color that turns crimson-red in the fall. A great focal point for a shade garden. Can tolerate some morning sun, but afternoon sun is not advised.
