

# Chocolate Chip Ajuga

(*Ajuga reptans* 'Chocolate Chip')

**Perennial**

**24" - 36" Tall**

**24" - 36" Wide**

**Bloom Time:  
Spring to Summer**

**Moderate Growth**

**Partial to Full Sun**

**Water Needs:  
Moderate**

**Zones 4 - 9**

Chocolate Chip Ajuga is a dwarf, creeping groundcover that has a dense mass of rich, chocolate brown foliage and dark green undertones. Eye-catching pinnacles of lacy blue flowers arise from the foliage in the spring and early summer. Beautiful accent to any flower bed or as an accent underneath shrubs or trees.
