

Christi™ Hardy Hibiscus

(*Hibiscus moscheutos* 'Cocker')

Perennial

4' - 6' Tall

3' - 4' Wide

**Bloom Time:
Late Summer**

Fast Growth

Full Sun

**Water Needs:
Moderate**

Zones 4 - 9

Christi™ Hardy Hibiscus is a big bold plant with enormous ruby red flowers in late summer. The flowers begin to bloom in August and can be 6-8" in width. This plant has a nice, round bushy habit. Remember, this species is notorious for not breaking bud until early June in the garden.
