

Flame Grass

(Miscanthus 'Purpurascens')

Perennial Grass

12" - 24" Tall

12" - 24" Wide

Fast Growth

Full Sun

**Water Needs:
Moderate**

Zones 3 - 9

Flame grass is valued for its foliage and plumes in the fall. Very similar to the popular Purple Fountain grass, but this is hardy for our zone. It will turn a spectacular flame orange in the fall. It is a warm season grass that appears a little later in the spring than other varieties.
