

Blackbeard Penstemon

(*Penstemon digitalis* 'Blackbeard')

Perennial

24" - 30" Tall

18" - 24" Wide

Bloom Time:
Summer

Fast Growth

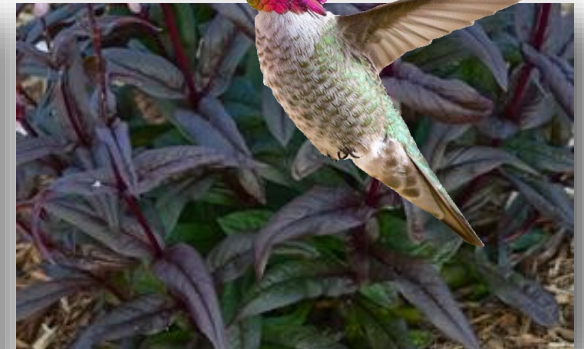

Full Sun

Water Needs:
Moderate

Zones 3 - 9

Blackbeard Penstemon has the darkest foliage of any penstemon. Its new leaves emerge red and fade to a dark purple. It will bloom pink flowers in early summer creating a magnificent color contrast. **Attracts Hummingbirds!**
