

# White Spruce

(*Picea glauca*)

**Evergreen**

**35' - 50' High**

**15' - 20' Spread**

**Pyramidal Shape**

**Slow Growth**

**Full Sun**

**Water Needs  
Low**

**Zone 2 - 6**

The White Spruce is a large, pyramidal evergreen with a uniform growth habit. It is native to northern America and Canada making it extremely cold hardy. A great choice for windscreens or as a privacy barrier.
