

Redhaven Peach

(*Prunus persica* 'Redhaven')

Fruit Tree

15' - 20' High

15' - 20' Spread

Growth

Moderate

Full Sun

Water Needs

Moderate

Zone 5 - 8

The Redhaven Peach is a freestone peach (meaning it will fall right off the pit) with reddish-yellow skin. It blooms pink flowers in the early spring and it turns bright gold in the fall, so this fruit producer has aesthetic value as well. Redhaven Peach is great for fresh eating, canning, or freezing. **Self Pollinating.**
