(*Quercus coccinea*)

Shade

50' - 70' High

40' - 50' Spread

Pyramidal Shape

Growth

Moderate

Full Sun

Water Needs

Moderate

Zone 4 - 9

The Scarlet Oak is one of the most stunning of all the oaks. With its massive size and brilliant scarlet fall color this tree is sure to be a show stopper. Fall color is comparable to the famous Autumn Blaze Maple. It will produce small acorns as it matures.
