

Prairie Blues Little Bluestem

(Schizachyrium scoparium 'Prairie Blues')

Perennial Grass

24" - 36" Tall

12" - 24" Wide

Fast Growth

Full Sun

**Water Needs:
Moderate**

Zones 4 - 10

Prairie Blues Little Bluestem has grayish-blue foliage with a hint of purple throughout the spring and summer. White flower spikes appear in the fall as the foliage turns reddish-orange. A perfect space filler for borders or full sun garden beds.
