

# Oakleaf Mountain Ash

(*Sorbus x hybrida*)

**Ornamental**

**20' - 30' High**

**15' - 25' Spread**

**Upright Shape**

**Growth**

**Moderate**

**Full Sun**

**Water Needs**

**Moderate**

**Zone 3 - 7**

The Oakleaf Mountain Ash is not related to the infamous 'Ash' varieties that are susceptible to the emerald ash borer. It has beautiful white flowers that bloom in the spring which are followed by orangish-red berries that contrast the green leaves nicely. Its foliage will turn a yellow-bronze in the fall making this a three season pleaser.
