Perennial

8" - 12" Tall

15" - 18" Wide

**Bloom Time:
N/A**

Moderate

Partial to Full

**Water Needs:
Moderate**

Zones 4 - 9

Helene Von Stein Lambs Ear is the biggest leaved Lamb's Ear around. Grown for its wonderful soft velvety, silver-green foliage, the leaf shape and texture resemble that of a lambs ear which kids love to rub between their fingers. Great perennial for edging due to its uniform, mounding habit. Lambs Ear also offers great deer, rabbit and drought tolerance.
